PREFACE

1159754

THERE is nothing of the spectacular in the presentation of this volume of Bergen County marriages to the public, but in the preservation of these records there is performed a service of value that will increase with the passing years. Nor is the work itself unattended by human interest and even something of the dramatic, for it is an accomplishment made possible by one who has passed from our midst, an achievement of hands that are stilled. William O. Allison was a life member, vice-president, and financial benefactor of the Bergen County Historical Society, and in addition to generous gifts to the regular activities of the Society established a fund of which he made the Curator, Mrs. Frances A. Westervelt, special trustee.

With the discovery in the Court House at Hackensack of these records, entered by ministers and justices of the peace, there was disclosed a fitting use for the fund, a use that would permit of dedicating to Mr. Allison a memorial in recognition of his generous support and aid of all historical work.

Historians and genealogists to whom these data are now made available are debtors to him, owers of a debt that can be discharged by the careful, conscientious, effective type of research and study that he admired. As for the compiler, it is another milestone upon the road that she has long traveled, a road leading to a fuller record of Bergen County history, a wider popular knowledge of the lives and works of Bergen Countians, from even the time of Oratam, and of the historic ground we tread from day to day.

MRS. FRANCES A. WESTERVELT.

COMMUNITIES are arranged alphabetically, and marriages thereunder follow in chronological order, with a few minor exceptions, all entries from a single church grouped under the name of the congregation. Entries have been reproduced exactly as made, even when misspellings are obvious.
